WORK EXPERIENCE

GAME DEVELOPER

Jan 2023

Gamecrio Studios PVT LTD.

Ongoing

GameCrio Studios is a dynamic and innovative game development studio committed to crafting immersive gaming experiences. With a passion for creativity and cutting-edge technology, we specialize in delivering captivating gameplay and stunning visuals across multiple platforms.

WORK SAMPLES

DINO CHASE :

In Dino Chase, race through prehistoric landscapes as a baby dinosaur fleeing a relentless T-Rex. Collect dinosaur eggs, mystery boxes, and coins while evading obstacles like rocks, mud, and flying meteors. Customise your dino's appearance with collectibles and unlock new dino species including baby velociraptor and stegosaurus. Explore four unique dino worlds, each with its challenges and surprises.

AEVIN :

AEVIN is a puzzle game where you'll see a pattern then it will rotate in all four direction, and you'll need to draw it right. The game's look and feel is simple but unique. I have added many small animations by my self to make the transitions looks smooth.

FIND OUT CAPYBARA GAME:

Find Out Capybara Game – The ultimate hidden object adventure! Explore aesthetic scenes, zoom in to spot the capybaras, and test your seek & find skills in exciting levels! Play in offline mode, unlock mystery locations, and enjoy brain-boosting puzzles. With relaxing ASMR vibes, cute cozy game aesthetics, and addictive gameplay, this is the perfect casual mobile game for all ages!
